## Personal Statement

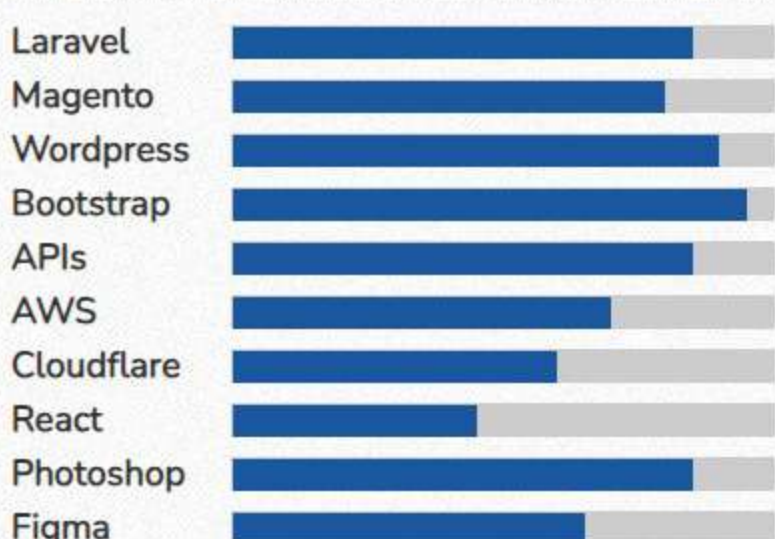

I started in 2009 as a Graphic Designer in the Sistech System. After two years I decided to work with CMS because I'm interested in programming and leave the design.

I'm working in Canada and UK based company as CMS Integrator & Developer and I have many successful and challenging projects in my portfolio. I wear many hats, project management, team portion of the project to resolve issue, verify and better new technique for the project and complete the project.

I'm still trying to increasing skill
